To the BNI,

I would like to take this opportunity to thank Linda Thursby of Barn Therapy Centre for the first class treatment I received following several years of various aches and pains including back, kness and achillies problems.

The treatment was first class and I came out of Linda's house feeling refreshed and completely free of any pain. Since having the treatment I have had no reoccurance of any of my previous problems. I really feel like she has worked a miracle.

Thanks Linda
